## USEA PARAPOWER TRAINING

Calling all Utah Paraeducator-Teacher Teams! Paraeducators and teachers, like other educators, are critical partners in meeting the needs of the whole student. As expectations of paraeducator-teacher teams continue to increase and change, it is critical that ongoing, targeted trainings be offered.

Utah School Employees Association (USEA) is offering high-quality professional development sessions for Utah paraeducators and teachers called, ParaPower: Building Effective Teams!

This interactive workshop will address some of the most critical and timely issues facing paraeducators and teachers such as, roles and responsibilities, communication, and problem solving/conflict management.
