

mCLASS Basic Functionality and Reporting Training

- Are you new to mCLASS and want to learn how to navigate the mCLASS platform?
- Are you able to log into mCLASS but unsure how to access the different reports?
- Are you looking to build your technical skills and knowledge of mCLASS to more confidently attend a data analysis session?

If you answered yes, join us for training on the basics of navigating the mCLASS platform!

<p>mCLASS School and District Level Basic Reporting for School Leaders and Coaches</p> <p>*You must have full system access to attend this training.</p>	<p>mCLASS Functionality and Basic Reporting for Teachers and Coaches</p>
<p>Tuesday, September 17 8:30-12:00 Public Safety Building 475 South 300 East Salt Lake City 84111</p>	<p>Wednesday, September 18 8:30-3:00 Public Safety building 475 South 300 East Salt Lake City 84111</p>

Please note these are **not** data analysis sessions. These sessions are designed to support learning the basic functionality of mCLASS, and will build the skills and knowledge needed for data analysis sessions.

Registration

Log into MIDAS and register for course #54211

- Select Section 1 for School Leaders/Coaches
- Select Section 2 for Teachers/Coaches.
