

Welcome to the Elementary Canvas Help Course!!!

As you have probably noticed, Canvas looks a little different for you this year. You have at least 5 different courses* now in your Canvas that are based on the subjects you teach. The courses you should now see in your Canvas are: General Grade Level Course, Math, LA, Social Studies, and Science. **Some schools will have more courses than others. So don't panic if you have more courses than what is listed.*

The reason why you see more courses this year is due to us gearing up to implement the new Canvas Elementary!!! You are seeing Phase 1 of this implementation. Phase 2 of the Canvas Elementary integration will happen when your principles feel ready for the implementation. The biggest thing we need you to do in order to make sure the implementation goes as smoothly as possible is **DO NOT** use the General Grade Level Course. Please see image below:
